As you complete a **CPD Activity Entry**, at the end of the form under **Evidence Required** heading there is an **Attach files** button – click on this and there is an option to drag and drop, or select from your device the file you would like to add.

If you have already completed an CPD Activity Entry and want to go back in to attach evidence, click on **Timeline** in the horizontal bar at the top of your dashboard, click on **Timeline** again. Then click on the activity you would like to add evidence to, scroll to bottom of form and click **edit**. You will then be able to attach documentation as per instructions above.

How do I complete my Structured (Annual) Conversation: Additional New Zealand members requirement.

Members registered to practice in New Zealand need to complete a structured conversation each year. This is an annual conversation with a peer, colleague or employer about the practitioner's clinical practice. To assist with this here is a [Structured Annual Conversation Guide](#) and template [Structured Annual Conversation Template](#).

Once your annual conversation is completed login to ePortfolio. In the middle column of your dashboard in the **Events – Quick Links** box, click on **Annual Conversation Form**. Fill in the form, attach copy of completed Annual Conversation template, and submit. It will now show as completed in your **Overview of Goals** on your Dashboard.

To claim CPD hours for this activity, complete a **CPD Activity Entry** form. You may claim this under the **Reviewing Performance and Reflecting on Practice** category as **Formal evaluation of self/peer performance**.

How do I turn on MRI and Mammography CPD Settings?

At the beginning of each year Mammography and/or MRI CPD Settings can be turned on using these instructions - [How to turn on Mammography and MRI CPD Settings](#)

How do I check my progress on meeting my targets and completing my CPD requirements?

On your dashboard towards the top right-hand side you will see **Overview of Goals**. This box shows how many CPD hours you have completed, and which category the CPD hours were accrued in. When set up at the beginning of each year, the percentage of MRI-specific, and Mammography-specific CPD hours will show in this box.

How do I apply for CPD Break in Practice?

Members unable to participate in CPD activities due to parental leave, illness or other extenuating circumstances may apply for an exemption from CPD.

In the middle column of your dashboard in the **Events – Quick Links** box, click on **CPD Break in Practice Request**. Fill in the form and submit. The CPD Team will then review your request and confirm the outcome by email.

For membership fee enquiries contact members@ranzcr.edu.au

Why is my activity not showing in my tally?

The most common reason is if the correct category isn't ticked. To amend this, go to your Dashboard, click on **Timeline**, then **Timeline** again and click on the activity entry. Scroll to the bottom of the entry and click **edit** button. Scroll back up to the **CPD activity type** to check. Note that you are required to choose a category with a hyphen (-) beside it, if there is a > next to the category drill down further by clicking on the words, until you reach a category with a hyphen next to it, then tick the box. You will then be able to add total hours, as well as MRI or Mammography hours if appropriate.

Please contact cpd@ranzcr.edu.au if the above steps are ineffective in resolving the issue.

How long can I edit and enter activities for in the CPD year?

You have from 1st January of any given year, until the 31st January of the following year.

Can I record additional activities after the end of the CPD year?
