If unable to attend Working Group meetings, members are encouraged to provide the College secretariat with their comments on the meeting papers prior to the meeting.</p> <p>Confidentiality</p>

Working Group members must keep matters relevant to individual members of the College or specific cases of patient care confidential. Working Group members are required to maintain confidentiality on matters of importance to the College and on matters that can affect the interests of the College, and the profession of clinical radiology. Further information about the levels of confidentiality can be found in Appendix 3.

Agenda papers and minutes should be annotated with the appropriate level of confidentiality to assist members in application of confidentiality rules and in communication across bodies. If in doubt consult the Chair of the Body.

Code of Ethics

The Code defines the values and principles that underpin the best practice of clinical radiology and radiation oncology and makes explicit the standards of ethical conduct the College expects of its members. These apply to members of Working Groups in their work for the Working Group and members must abide by the Code of Ethics.

To download the RANZCR Code of Ethics please [click here](#) (or copy and paste <http://www.ranzcr.edu.au/documents-download/document-library-9/3958-ethics> into your web browser).

Cost of Operation

Activities will be conducted by email and teleconference as far as possible. Any face-to-face meetings in addition to this will require approval from the Faculty of Clinical Radiology Council, who may elect to consult with the RANZCR Board of Directors.

Any requests for expenditure/reimbursement must comply with College guidelines.

Responsibilities of the Chair

The Chair will provide oversight of the Working Group and will be responsible for ensuring that the Working Group fulfils its functions and acts on assigned tasks in a timely manner. The Chair will approve the agenda for each meeting and chair meetings. The Chair will be responsible for reviewing the draft minutes so that they can be sent to the Working Group for review and verification in a timely manner.

Responsibilities of the FCR Council Representative (if required)

The appointed Faculty Councillor on the Body is responsible for reporting to the Faculty of Clinical Radiology Council.

Guidance for Membership of Faculty of Clinical Radiology Bodies

Name: IR and INR Training Pathway Working Group

Membership of each Body should reflect the specific responsibilities of the Body. When appointing members to a Body, consideration should be given to the diversity of skills, relevant expertise and level of experience required of its members, collectively and individually, in order to ensure effective functioning and balanced decision-making. The following list is provided as guidance and reflects an ideal set of skills and expertise.

The membership section of the terms of reference lists some appointments as mandatory. Inclusion of members with other skills and expertise, although ideal, is not essential.

For each position listed below, please indicate whether it is applicable to this Body and provide justification for your response. It is not necessary to provide justification for positions that are not considered applicable.

Experience and Expertise of Members	Applicable to this Body	Justification
1. President	<input checked="" type="checkbox"/>	Ex-Officio Member
2. Dean, Faculty of Clinical Radiology	<input checked="" type="checkbox"/>	Ex-Officio Member
3. An elected Faculty of Clinical Radiology Councillor	<input type="checkbox"/>	
4. Chief Censor, Clinical Radiology	<input checked="" type="checkbox"/>	Ex-Officio Member (of Bodies that report to the Clinical Radiology Education and Training Committee)
5. A New Zealand Fellow	<input checked="" type="checkbox"/>	
6. A Fellow from at least a minimum number of States and Territories (e.g. at least 4 of the 7 Australian ones). Please indicate below.	<input type="checkbox"/>

Comment:

To note: One member may have more than one of these skills or characteristics e.g. NSW and private or QLD and

rural/regional.

Process for Appointing FCR Body Chairs

Faculty of Clinical Radiology (FCR) Body Chairs are appointed by the following process:

1. Log vacancy and inform Dean/FCR Council.
2. Send Expression of Interest to Body members (unless specified otherwise in the FCR By-laws). Applications not meeting requirements are returned to the candidate as invalid.
3. Body members vote by secret ballot. Confirmation of due process by relevant senior manager at the College.
4. Result communicated to Body members.
5. Decision of the Body taken to FCR Council to ratify (out of session if urgent, as determined by Dean). Information on applicants' names, key dates and votes supplied. Further information can be requested if needed.
6. Chair and Body notified of FCR ratification.
7. Membership advised and register updated.

If there is only one nomination for a post and the person nominated meets all of the necessary criteria they will be considered for ratification by FCR Council without a vote.

Confidentiality Levels for Consideration

There are three major levels of confidentiality for matters considered by a Faculty of Clinical Radiology Body.

Level One

The highest level relates to matters that must not be discussed outside the meeting room now or at any time in the future: for example a member has been subject to investigation by a regulator or charged with a criminal offence; or a matter that is disclosed by government or is commercial in confidence, for the purpose of working together such as notification of new licences for equipment.

Level Two

The intermediate level of confidentiality relates to matters that are in the early stages of discussion and need further development and consideration before being released for confidential consultation with the membership, for example the development of a position paper regarding a clinical or economic matter or restructuring of the College such as the Governance Review. These can be discussed amongst those who have received the documents but not with the wider membership at this point.

As a membership organisation it is important, welcomed and encouraged that matters relevant to the profession are able to be discussed amongst the membership and the results of these discussions fed back to the College in order to optimise the College's stand on these matters. It is a matter of releasing this information at a time when it is sufficiently well-considered that a useful discussion can be had and rumour and supposition minimised.

Level Three

The lowest level covers all other matters and is covered by the Chatham House Rule: "When a meeting, or part thereof, is held under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed." The principles of these matters, but not the individuals involved, can be discussed more widely in the interests of developing ideas and enhancing collaboration.
