

## Trainee Assessments Summary Submission: October 2021 to January 2022

From 1 October 2021 through to 6 February 2022, softcopies of training assessments are available for Radiation Oncology trainees to complete. Templates for each assessment is available on the College website: [Assessment | RANZCR](#). During this period, trainees will not be able to complete the Multi-Source Feedback assessment.

For trainee progress to be uploaded to their e-Portfolio record, trainees are required to collate all completed assessment during the October to January period and submit this Summary Submission document along with copies of each completed assessment.

Trainee Assessments Summaries are to be sent to the College via email to [ROtraining@ranzcr.edu.au](mailto:ROtraining@ranzcr.edu.au) by 31 January 2022 as one complete submission.

---

In this summary form, trainees are able to provide a breakdown of all completed assessments from 1 October 2021 through to 6 February 2022.

These assessments include:

- Case Reports
- Clinical Supervisor Assessment
- Director of Training Assessment
- Mini-Clinical Evaluation (Mini-CEX)
- Practical Oncology Experience (POE)
- SMART Points
- Trainee Assessment of Training Sites (TATS)

From 21 January 2022, trainees will have access to the e-Portfolio System to complete future submissions.

Trainees are not required to submit Director of Training Assessments; these will be submitted to the College by Directors of Training. If you have any questions, please email the College [ROtraining@ranzcr.edu.au](mailto:ROtraining@ranzcr.edu.au).
